

**Spanish Speaking School-Based Therapist Position** must perform all essential job functions and duties as required by your school site. These job duties may include, but are not limited to, providing school based counseling to students, documenting counseling services, collaborating with school staff and parents, attending school based therapist team meetings, teaching social and emotional learning lessons to classrooms, providing parent consultation/education, attending support meetings for students, conducting risk assessments and mandated reporting as necessary. The Employer or site may also add other duties within the reasonable scope of the therapist's work.

All bilingual trainees and associates will be compensated hourly and we offer health benefits to anyone with 32+ hours per week.
