

Together. Together we can help improve the lives of our community members by providing access to mental health services. One Life Counseling Center, a nonprofit providing counseling services for anyone at any cost, is seeking a psychiatrist to join their dynamic team of professionals. We envision a community empowered to live a purposeful and inspired life and we'd like you to join us!

In addition to having a great impact on our community, there are benefits to being affiliated with One Life Counseling Center including office rental space and a team of marriage and family therapists and licensed social workers who could offer referrals.

Have you just finished your psychiatry residency program and are you looking for a great job opportunity? Look no further, contact One Life Counseling via phone at 650-394-5155, email at michelle@onelifecounselingservices.com and don't forget to check out our website at www.onelifecounselingcenter.com
